

# EGERIA Sp. z o.o.

Warsaw, Poland

*Stair Fire*

*Flashover Fire*

*Multi-Prop Fire*

## Mobile FIRETRAINER® ML-2000

This mobile FireTrainer® is controlled by KFT's 2000 series control system offering such advanced features like agent detection and interlinked fire scenarios, e.g. It comes with a hydraulic side extension system which enlarges the training area by 40%.

In comparison to the ML-2000 trainers delivered to Aargau/Lucerne in 2005, this trainer also comprises a roof cabin entrance as an additional challenge for trainees to handle.

### Overview:

- 3 Fire Places:
  - Stair Fire
  - Multi-Prop (With Different Props)
  - Flashover
  - + One to Come
- Smoke Generator And Sound System
- Camera / WiFi-Modem / External Fire Place Connection
- Connection Points For Transport With Standard Semitrailer Trucks
