

Fire Brigade of the County of Heidekreis

Heidekreis, Germany

Rappelling from Container Roof

Multiprop Fire with Waste Paper Basket Mock-up

Flashover

Modular FIRETRAINER® MD-2000

Modular live fire training system consisting of each two 20' and 40' ISO containers. The containers have been arranged in a two-storey mode with a secured, accessible flat roof.

Indoors the trainer is equipped with movable walls allowing varying fire fighting respectively search & rescue training scenarios.

Fire Places:

- Multi-Prop fire with interchangeable mock-ups
- Flashover
- Kitchen fire (stove, deep fat fryer and exhaust hood fire)

Delivered: December 2010

Fueled by: Propane
